EXPERIENCE

Front End Developer Intern

RnPsoft PRIVATE LIMITED

Sep 2024 – Dec 2024

- During my internship at RnPsoft Private Limited, I contributed to real-time projects by designing and developing front-end pages with a focus on user experience and responsive design.
- This role allowed me to apply my technical skills in HTML, CSS, JavaScript, and React JS to deliver high-quality solutions aligned with project requirements.

IT System Engineer

Artech Infosystem Pvt.Ltd (Client is Accenture)

Aug 2025 – Feb 2026

- Provided L1/L2 technical support for hardware, OS, networking, and application issues.
- Ensured compliance with IT policies, data security standards, and backup procedures.
- Coordinated system upgrades, migration projects, and downtime maintenance.
- Performed unit testing, debugging, and code reviews to ensure high-quality software delivery.

Product Analyst

Paytm

Feb 2026 – Present

- Collaborated with product managers, engineers, and designers to define product requirements and optimize features.
- Conducted A/B testing and experimentation to evaluate feature impact and recommend improvements.
- Identified growth opportunities through data analysis and provided actionable insights to stakeholders.
- Conducted deep-dive analysis (funnel, retention, churn) to identify bottlenecks in user journeys.
- Supported product road map decisions through data-backed recommendations.

PROJECTS

Restaurant Website

html, css, bootstrap, javascript, reactjs

April 2023 – July 2023

- Designed and developed a responsive restaurant website focusing on user-friendly layout and smooth navigation.
- Deployed it live on Linked In.
- Integrated basic JavaScript functionalities for dynamic content and improved interactivity.
- Focused on clean and maintainable code practices for better scalability and readability. .
- [Live site here](#)
